Summary

Enthusiastic full-stack web developer with a strong passion for learning and self-improvement. Currently pursuing B.Tech 3rd year in R.V.R & J.C College of Engineering. Experienced in machine learning and Android application development. Knowledgeable in various programming languages and the latest web technologies.

Education

- B.Tech in Computer Science, R.V.R & J.C College of Engineering (Year - Present) - CGPA: 8.6

Experience

- **SmartInternz Platform (Google Supported)** - Android Application Development Internship
 - Developed a grocery application using Kotlin, which included features such as user authentication, product search, cart management, and secure payment processing. Collaborated with a team of developers to ensure timely delivery and seamless integration of various components.
 - Conducted thorough testing and debugging to identify and resolve issues, resulting in a stable and reliable application.
 - Utilized best practices in UI/UX design to create an intuitive and visually appealing user interface, leading to improved user engagement and increased customer satisfaction.
- **Indian Servers Company** - Machine Learning Internship
 - Led a brain tumor detection project using Convolutional Neural Networks (CNN), involving the collection and preprocessing of medical imaging data, model training, and evaluation.
 - Implemented machine learning techniques and algorithms to develop an accurate brain tumor detection system, resulting in improved diagnosis and potential life-saving impact.
 - Optimized the model's performance by fine-tuning hyperparameters, resulting in enhanced accuracy and reduced false positives.

Training

- EPAM COE - DevOps & Cloud
- Internshala - Web Development
- SimpliLearn - Full-Stack Development

Skills

- Programming Languages: Python, Java, C/C++, JavaScript
- Web Technologies: MEAN Stack, MERN Stack, Java Full Stack

Achievements

- College Webthon Winner (Conducted by ISTE)

Certificates

- NPTEL:
 - Programming in Java - Gold
 - Joy of Computing using Python - Silver
 - Data Science using Python - Silver
 - Principle of Management - Silver
 - Programming in Modern C++ - Silver

Badges

- AWS Academy Graduate - AWS Academy Cloud Foundations
- MTA: Introduction to Programming Using Java
- MTA: Introduction to Programming Using Python
- Google Data Analytics Certificate
